

OUR BUSINESS MODEL IS SIMPLE

We are low-voltage specialists. We are not electrical contractors.

We do not compete for electrical work and we never pursue your customer directly. Our scope starts where yours ends – so your bid goes out complete.

SCOPE WE CARRY

Structured Cabling

Fibre Optics

Wi-Fi

Security Infrastructure

Win More Projects with a Trusted Low-Voltage Union Partner

Need communications infrastructure on your next bid? Add a proven low-voltage union partner without adding risk. CORE Cabling helps estimators, project managers and business development teams submit complete, competitive proposals while protecting the customer relationships you have worked hard to build.

Why Estimators Choose CORE

- ✓ IBEW Local 353 signatory contractor
- ✓ 100% union labour
- ✓ Complete low-voltage pricing to complement your electrical bid
- ✓ We never pursue your customer directly
- ✓ We do not compete for electrical work
- ✓ Manufacturer-certified structured cabling specialists
- ✓ Competitive pricing and dependable manpower
- ✓ Manufacturer-backed warranties on qualifying installations
- ✓ Professional documentation and project support

Designed for Your Success

Commercial offices, warehouses, healthcare facilities, schools, industrial plants, municipal projects and data centres – CORE Cabling becomes an extension of your estimating and project team.

Win more work

Complete bids, submitted on time

Stay union compliant

100% union labour on every site

Reduce coordination

One accountable low-voltage scope

Let us win more projects together.
